

• UP TO A 53-DAY SUPPLY •

AniMed's Weight-UP is more than just a supplemental source of calories and fat needed to increase weight. The unique formulation of Weight-UP provides support for a horse's digestive system. The overall integrity of a horse's digestive system affects its ability to gain and maintain optimal weight. The live yeast culture Yea-Sacc®1026 (*Saccharomyces cerevisiae*) and the Lacto-Mos™ (lactic acid bacteria) in Weight-UP increase in number and activity of the good bacteria in a horse's digestive system. This stimulation helps horses absorb and use more of the nutrients in their feed.

INDICATIONS: To increase calorie intake for weight gain and weight maintenance. Regular use of Weight-UP improves skin and coat appearance. Benefits achieved when supplementing Weight-UP include; increased weight gain, improved digestion and increased energy.

DIRECTIONS FOR USE: Weight-UP may be provided at a rate of 3 to 4 1/2 ounces per day. The enclosed scoop measures approximately 1 1/2 ounces. The amount and frequency may be varied depending on the horse's activity level.

Lot #: sample

ANIMED™
HORSE CARE

NATURAL

Weight-UP

Omega 3 Fatty Acid, Live Yeast Cultures,
Lactic Acid Bacteria. No animal fat.

CONTAINS

Yea-Sacc® 1026

NET CONTENTS:

10 pounds (4530 Gm)

It's all about the animals.™

Manufactured By:
AHC PRODUCTS, INC.
Winchester, KY 40391
