THRUSH REMEDY

BACTERICIDAL + FUNGICIDAL

- Kills Germs on Contact, Not Tissue
- Will Not Dry Out Hooves
- No Spills, Stains or Mess

Hooflex[®] Thrush Remedy kills embedded bacteria and fungi and helps promote normal healing. Symptoms of thrush include thick black discharge around the frog, accompanied by a foul odor. White Line Disease is an infection that begins at the hoof sole's white line and extends upward into the hoof wall. Cavities form in the hoof wall and emit a foul odor.

Directions: No shaking necessary.

1. After cleaning the hoof, apply Thrush Remedy into clefts of frog and any holes or cracks.
2. For active infections, treat once daily for at least three days.
3. For maintenance, treat twice weekly.

Caution: KEEP OUT OF REACH OF CHILDREN. FOR EXTERNAL USE ONLY ON HORSES OR LIVESTOCK. If condition persists longer than two weeks, call your veterinarian. Avoid contact with eyes. In case of contact, immediately flush eye with plenty of water.

Active Ingredients: Chloroxylenol 5.0%;
Alcloxa 0.25%

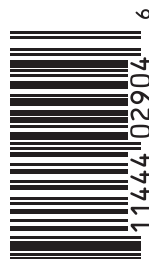

Inactive Ingredients: Propylene glycol,
Terpineol, Water
